# Subject Index to Volume 230 (July–December 1999)

## A

Abdominal aortic aneurysm
endovascular vs. transabdominal repair, 298
relation of surgical volume to outcome, 414
rupture, risk factors, 289
thoracoabdominal aneurysm repair, spinal cord function, transcranial motor evoked potentials vs. somatosensory evoked potentials, 742
Academic productivity, pediatric surgical networking, 331
Achalasia, minimally invasive surgery, 587
Adenocarcinoma
ampulla of Vater (*letter*), 450
occult esophageal adenocarcinoma, 433
periampullary, survival (*letter*), 736
Adenovirus
adenovirus-mediated gene transfer of antiapoptotic *Bcl-2* gene, reduction of ischemia-reperfusion injury (mouse), 185
adenovirus-mediated gene transfer of vascular endothelial growth factor 121 cDNA to induce therapeutic angiogenesis in coronary artery disease, 466
Adhesion molecules, intracellular adhesion molecule-1 in pancreatitis-induced lung inflammation (rat), 792
Adrenomedullin, gastric mucosa, in portal hypertension, ethanol-induced injury and (rat), 38
Age/aging
axillary metastases in T1 breast cancer, 692
Ewing's sarcoma/primitive neuroectodermal tumor in adult, prognostic implications, 79
Alcoholism, alcohol interventions in trauma care to reduce risk of injury recurrence, 473
Alkalization, congenital diaphragmatic hernia, negative effects, 340
Ambulatory surgery, hospital visits/readmissions after, 721
American Board of Surgery, work loads and practice patterns of general surgeons, 533
American Society for Testing and Materials, surgical equipment standards, 120
Ampulla of Vater, adenocarcinoma (*letter*), 450
Anal incontinence, artificial anal sphincter implantation, long-term results, 45
Anastomosis
ileal pouch-anal anastomosis, familial adenomatous polyposis, 648
ileoneorectal, 750
Anastomotic leak, transhiatal esophagectomy, 392
Aneurysm. *See* Abdominal aortic aneurysm
Angina, unstable, in renal transplant recipient, 232
Angiogenesis
gastric mucosal injury in portal hypertension, adrenomedullin expression after ethanol-induced injury (rat), 38
therapeutic, adenovirus-mediated gene transfer of vascular endothelial growth factor 121 cDNA in coronary artery disease, 466
Animal studies
adrenomedullin expression after ethanol-induced gastric mucosal injury in portal hypertension (rat), 38
correlation of early activation of hepatic nuclear factor kappa B & nuclear factor IL6 with bacteremia, cytokine expression, and mortality in sepsis (mice), 95
effect of percutaneous arteriovenous carbon dioxide removal on ventilator pressure and P/F ratio in severe respiratory failure (sheep), 215
laser-induced thermotherapy plus hepatic arterial embolization for liver tumors (rat), 55
liver regeneration and function after hepatectomy, preoperative internal vs. external biliary drainage (rat), 655
pancreaticojejunostomy in chronic pancreatitis, effect on fibrosis, pancreatic blood flow, and interstitial pH (cat), 672
P-selectin and ICAM-1 in pancreatitis-induced lung inflammation (rat), 792
reduction of ischemia-reperfusion injury, adenovirus-mediated gene transfer of antiapoptotic *Bcl-2* gene (mouse), 185
skin allograft acceptance after portal venous injection of donor bone marrow cells (pig), 114
wound contraction in stromelysin-1-deficient mice, 260
Aortic aneurysm. *See* Abdominal aortic aneurysm
Aortic transection, traumatic, repair, left artery to femoral artery bypass using a centrifugal pump, 484
Aortoiliac occlusive disease, endovascular graft treatment, 145
Apoptosis, adenovirus-mediated gene transfer of antiapoptotic *Bcl-2* gene, reduction of ischemia-reperfusion injury (mouse), 185
Artificial anal sphincter, for anal incontinence, long-term results, 45
Axillary dissection
in breast cancer, 194
level I and II, complications, 194

## B

Bariatric surgery, adjustable silicone gastric banding, open vs. laparoscopic, 800
Barrett's esophagus
